

## Yannick Aigoïn Joins Team Novarossi

Yannick and Racing Experience's Bernard Durand ended the latest test of the updated Plus 4 engine. This engine doesn't replace an existing engine, it is a new engine coming in the line with ignition power and linear response.

Yannick tested different pipe combinations and the last update of the engine with improved drivability and drive time. The test session has been held in the famous track of Pierrefeu and Novarossi staff worked hard to settle the best combination to get the best from the powerplant. Yannick was super smilly after this test session with crazy ignition power and incredible fuel mileage.
